

# ConnectRact

Breaking the ice starts from asking.

# Problem

- 1 whenever newcomers join any college ,they face the problem of lack of knowledge of that college. Or interaction between senior and junior is not establish so good.
- 2 And because of that they used to lose his/her maximum time insearchig on google .
- 3 So newcomers/ juniors/novice required guidance/information/interaction.

# Product or Service

We are planning to build a platform for all these problems. In our platform college seniors and professors will be there to helping out. We will start with college only and then will proceed further.

PITCH DECK V1.0

# Timing

1 During this lockdown people gets more aware for their career so i think this is the best time for us.

2 In Todays Era people wants every information before starting anything.

# Direct Competitors

# Indirect Competitors

# How we are different from our competitors

PITCH DECK v01

# 1

Others company mainly provide the college Infrastructure, fees and other information only. But By the seniors of that college can provide more than that.

# 2

Others company provide answers only but we are providing interaction also

3

We are limiting ourself to specific field so that we can provide better reults

4

we will be providing best and efficient answer. ans also interaction will give lots of benefit to studnet like notes sharing, referal atc.

# Revenue

**1** Advertising  
ads on the screen that is directly related to the users by gathering their  
likes and activities

**2** Sponsored posts

# Marketing

Instagram,facebook and other social media pages.

Posters ,pemplates and Tshirts.

Meme Marketing/Influencer marketing/sponsored marketing

# About Us

We are integrating the relevant features of different companies in a single platform by filtering out it to college students only.

This is a platform for people (students, experts, professionals or other interested people) who want to grab experts advertise in their domain, or for those who want to interact with others on the platform for any educational info or anything they wish to ask (their) seniors, industry experts, novice or other people on the forum.
